

RICHMOND DOWNTOWN MASTER PLAN

2007

Your Vision
Your City
Your Future

The City of Richmond and Venture Richmond have collaborated in hiring an urban planning firm, Dover Kohl & Partners, to help us update our Downtown Master Plan. This will be getting underway **July 20th – 26th** and public input is key to its success! This input can be provided at various events (see schedule below) but particularly at the Charrette – a hands-on urban design session – where the public puts pen to paper illustrating their vision for our City’s future. Dover Kohl has brought together a team of professionals know for their expertise in city planning, transportation, housing, park planning, historic preservation, and economic development.

This is a unique opportunity for you to give input and have a positive impact on Downtown Richmond. We look forward to seeing you there!
